

Supplier Diversity Statement

As legalization of cannabis has rolled out across Michigan and the United States, participation in the industry by those populations most negatively impacted by prohibition has been lacking. At Fluresh, we are committed to creating mutually beneficial business relationships with diverse suppliers that strengthen the communities in which we operate. We are committed to developing mutually beneficial relationships with small, people of color-owned, women-owned, disadvantaged/disabled, veteran-owned and LGBTQIA business enterprises. The primary goal of Fluresh's Supplier Diversity Policy is to provide opportunities to diverse suppliers that satisfy our procurement and contractual standards.

As Fluresh grows, our procurement team is encouraged to identify and include diverse suppliers and service providers in the procurement process. Diverse suppliers that demonstrate the ability to add value, provide high-quality goods and services that are competitively priced, reliable, and aligned with our strategic business model should be included in our sourcing and procurement process. We encourage such suppliers to reach out to flureshingtogether@fluresh.com to provide information on their products and services.

Our objectives include:

- Actively seeking out certified diverse suppliers that can provide competitive, high-quality goods and services whose business model is aligned with our business strategy.
- Ensuring the inclusion of diverse suppliers as a part of our strategic sourcing and procurement processes.
- Communicating the value of supplier diversity both internally and externally to all stakeholders.
- Leveraging our supplier diversity results to meet our corporate customers' supplier diversity requirements.

Fluresh's Supplier Diversity Policy aims to achieve corporate diversity goals while enabling the growth of diverse businesses in our communities. We strive to create vendor– buyer relationships that allow diverse organizations to continue to develop, while offering quality products at competitive prices.
